

CBS skeds special Kennedy 'Report'

NEW YORK — CBS News will broadcast a two-hour "CBS Reports" on the life of John F. Kennedy in November to coincide with the 25th anniversary of the President's assassination.

The show will be hosted by Dan Rather, who reported on the shooting in Dallas in 1963. Perry Wolff will be the executive producer.

Footage from Kennedy's life, drawn from the CBS News vaults, the largest collection of film and tapes from the Kennedy era, will be interwoven with recent interviews with former Kennedy aides.

Walter Cronkite had proposed a program to honor the slain President to the CBS Entertainment some time ago, however, it was never approved.
